

NORTH CHICAGO CASE STUDY

AUSL partnered with North Chicago Community High School for three years to improve their graduation, attendance, and college-going rates.

The Student Body

North Chicago Community High School serves 850 students and represents a student body that is 41% black and 55% Hispanic. 79% of students come from low-income households.

AUSL OFFERED THE FOLLOWING SERVICES IN NORTH CHICAGO:

Recommended policies and procedures that created a school environment which promoted student achievement

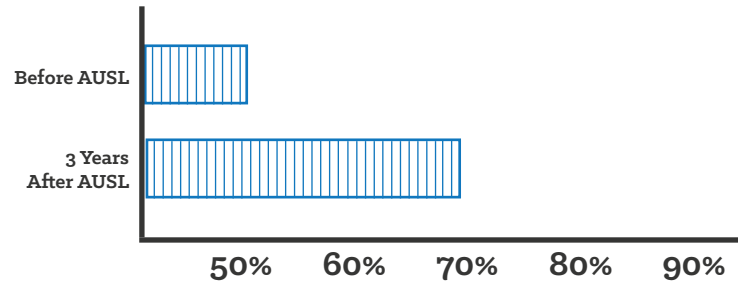

Developed and led the professional development training for instructional personnel

Reviewed and modified instructional programs to better align them with student needs

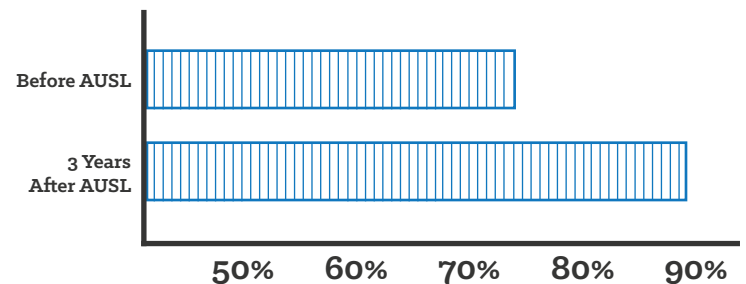

NORTH CHICAGO HIGH SCHOOL GRADUATION AND ATTENDANCE OUTCOMES

Graduation Rate

The graduation rate improved 19%, from 50% to 69%.

Attendance Rate

The average daily attendance rate improved 13%, from 75% to 88%.
